

### **A Message from the Locum, regarding Optional Photographs.**

"Your Photograph is important to us.

To enable our Parish to keep in contact with one another, we are asking you to send a photo(s) of yourself/selves.

This is optional.

Some may be hesitant.

We respect your need for privacy.

If you agree, please send photos of,

Individual, couples, families.

You can do this online.

It may be some time before we meet again.

Each day, a photo of one of our Parish family will appear on our web site.

First names only.

It will include a request for the Parish to pray for them.

It will change each day.

It is important we continue to recognise and affirm one another.

We will continue to put up other photos of the Parish, including our sign.

It reads:

'Closed till further notice.

Be open to God.'

We will also put up photos of the renovations being carried out on the Rectory.

This is exciting news!

You need to see progress on the work.

Inside and outside!

If you have photos of Parish groups meeting, or functions in the Parish, or Services in the Parish, send them to us.

Historical photos are important.

Does anyone have photos of Lambton during the 1919 pandemic?

If so, send them to us.

Visual images will help to keep us together.

When we gathered for worship,

we could see one another. Now.....

Photos are a way to keep seeing one another.

Remember. This is an opt in option.

Thank you for your cooperation.

The Rev'd Paul Robertson.

Lambton Locum."

Photos are best sent electronically and so a family member could assist if required. Our Parish email address is [admin@lambtonanglicanparish.com.au](mailto:admin@lambtonanglicanparish.com.au)
